Quality Assurance

- Finest quality of food grade plastic
- Non-toxic ingredients
- Washes well without leaving any mark
- Sturdy and durable
- Resistant to all kinds of temperature
- Do not break or chip if ACEidentally falls from a height

Our plastic ware never loses its utility as it is recyclable. Metro Plastic ware can be recycled into utilitarian and visually appealing items such as vases, watering cans, container fillers, etc.

Features

What makes our plastic ware so special that they are always on the top of the list of the users a

FOOD GRADE

We offer plastic ware that is made from food grade nontoxic plastic. All food items, hot or cold is totally safe and remain uncontaminated in our plastic containers.

EASY SNAP-ON LID

User friendly plastic containers. No hassle involved in opening and closing. Easy Snap-on lid remains secure and safe even after repeated usage.

A

A blessing for homemakers. The entire range of plastic containers is made from high grade plastic that makes the range microwave friendly & heat and cold resistant, and can also tolerate extreme heat or cold.

Eco - Friendly

We care for the environment. Therefore we make plastic ware with raw materials that are biodegradable and safe for the environment.

PRODUCT RANGE

WE ARE MANUFACTURERS, SUPPLIERS AND EXPORTERS OF PLASTIC CONTAINERS THAT OFFER CRITICAL SOLUTIONS AS FOOD CONTAINERS, FOOD STORAGE BOXES AND TAKEAWAYS. THESE BOXES CAN BE USED FOR NON-FOOD ITEMS AS WELL
